Profile

Current Ph.D. student in Interior Design at the School of Housing, Building and Planning, Universiti Sains Malaysia, with university teaching experience in architectural design, interior design, decorative materials, CAD/BIM, design software, and age-friendly built environment studies. Research focuses on AI-assisted assessment, evidence-based design, age-friendly residential/community/care environments, and design optimization. Publication record includes 6 WoS SCIE/SSCI papers, 3 WoS ESCI papers, and 5 Scopus-indexed papers, with 7 first-author publications and 5 PI-led research projects.

Application fit: Lecturer / Senior Lecturer-track roles in Interior Design, Architecture, Built Environment, Design Technology, Environmental Design, and Age-Friendly Design.

Key Academic Metrics

Publications	14 published journal articles
WoS SCIE/SSCI	6 articles
WoS ESCI	3 articles
Scopus-indexed	5 articles
Authorship	7 first-author articles; 1 second-author corresponding-author article; 6 co-authored articles
PI-led projects	5 research projects
Teaching areas	Interior design, decorative materials, architectural design, CAD/BIM, design software, building structures, renovation design

Education

- **Ph.D. in Interior Design**, School of Housing, Building and Planning, Universiti Sains Malaysia, Malaysia, 2021–Present.
- **Master of Engineering in Architecture**, Henan University of Technology, China, 2014–2017. Specialization: Architectural Design and Theory.
- **Bachelor of Engineering in Architecture**, Anyang Normal University, China, 2009–2014. Dual Degree Program: Bachelor of Education.

Academic Status and Professional Appointments

- **Current Ph.D. Student**, School of Housing, Building and Planning, Universiti Sains Malaysia, Malaysia, 2021–Present.
- **Secretary**, HBP Postgraduate Student Association, School of Housing, Building and Planning, Universiti Sains Malaysia, 2025–Present.
- **Academic Committee Member and Senior Project Review Expert**, Zhongren Art Museum, Sichuan Province, China, 2020–Present.
- **Lecturer**, Henan Industry and Trade Vocational College, China, 2021–2023.
- **Part-time Lecturer**, Henan University of Animal Husbandry and Economy, China, 2019–2021.

- **Lecturer**, Easton International Art College, Zhengzhou University of Light Industry, China, 2017–2021.
- **Research Associate**, Green Building Research Institute, Henan Academy of Building Research, China, 2017.

Teaching Portfolio

Teaching fields suitable for Malaysian university lecturer applications

- Interior Design; Decorative Materials; Architectural Design.
- Engineering Drawing Fundamentals; Architectural Surveying I & II; Building Structures.
- Design Software (Photoshop, Illustrator); Computer-Aided Design (CAD); BIM Software Introduction.
- Existing Building Renovation Design; Software Rendering Design; Architectural Space Design.
- Architectural Sketching; Architectural Investigation; History of Chinese and Foreign Architecture.

Teaching context: undergraduate courses; typical class size approximately 40 students.

Information to add before application: studio/project supervision, assessment responsibilities, and student mentoring outcomes.

Research Grants and Projects

PI-Led Research Projects

- **Comprehensive Aging-in-Place Renovation Framework for Legacy Residential Communities in Henan Province** (2022). Henan Provincial Federation of Social Sciences / Henan Provincial Social Science Research Fund, Project No. SKL-2022-608. Role: Principal Investigator.
- **Innovative Universal Design Strategies for New Community Development in Henan Province** (2018). Henan Provincial Federation of Social Sciences / Henan Provincial Social Science Research Fund, Project No. SKL-2018-490, First Prize. Role: Principal Investigator.
- **Interior Environment Design Strategies for Hospital Outpatient Departments in the Era of Telemedicine** (2020). Henan Provincial Federation of Social Sciences / Henan Provincial Social Science Research Fund, Project No. SKL-2020-1566. Role: Principal Investigator.
- **Integrated Healthcare-Housing Model for Community-Based Senior Living Facilities in Zhengzhou** (2018). Zhengzhou Federation of Social Sciences Research Project, Project No. JX20190146. Role: Principal Investigator.
- **Adaptive Renovation Strategies for Existing Long-term Care Facilities under COVID-19 Safety Protocols** (2021). Henan Provincial Department of Education Research Fund, Project No. 2021-ZDJH-433. Role: Principal Investigator.

Additional Research Projects

- **Sustainable Construction Waste Management and Resource Recovery Research** (2020). Henan Provincial Department of Education Research Fund, Project No. 2020-ZDJH-477. Role to confirm.
- **Spatial Planning and Design Framework for Community Early Childhood Centers in Zhengzhou** (2021). Henan Provincial Department of Education Research Fund, Project No. 2021-ZDJH-429. Role to confirm.

Publications

WoS SCIE/SSCI Publications

1. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir (2026). A LSTM-based model predictive control method for unlocking the potential of building energy flexibility in Malaysian commercial buildings. *Scientific Reports*. DOI: 10.1038/s41598-026-53501-8. WoS SCIE, Q1; first author.
2. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir; Yanting Wu; Chaojiang Hu (2026). AFLE-HIV: developing an age-friendly living environment assessment framework for elderly HIV-infected individuals in China. *BMC Public Health*. DOI: 10.1186/s12889-026-27748-9. WoS SCIE, Q1; first author.
3. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir (2026). Transforming vacant rural school buildings into age-friendly facilities under China's aging and low-fertility context: A natural language processing-based evaluation framework. *BMC Geriatrics*. DOI: 10.1186/s12877-025-06772-1. WoS SCIE, Q1; first author.
4. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir (2025). A community public health emergency resilience assessment framework based on contrastive learning and hyperbolic embedding. *Frontiers in Public Health*. DOI: 10.3389/fpubh.2025.1651331. WoS SSCI, Q1; first author.
5. Yanli Han; Quan Wen (2026). Emotion Recognition in Literary Texts via an Attention-Guided Dual-Stream Gated Fusion Network. *IEEE Access*. DOI: 10.1109/ACCESS.2026.3686065. WoS SCIE; second author; corresponding author.
6. Wenjing Xu; Mazran Ismail; Syafizal Shahrudin; Wen Quan; Yingrui Li (2025). Exploring tourists' intentions to adopt augmented reality in cultural heritage museums: Insights from a modified technology acceptance model. *SAGE Open*. DOI: 10.1177/21582440251339936. WoS SSCI, Q1; co-author.

WoS ESCI Publications

1. Jia Sheng Zhou; Mohd Jaki Bin Mamat; Quan Wen (2025). Analyzing the traditional rural cultural heritage of Lingnan region in China as the foundation for protection and development. *International Journal of Conservation Science*. DOI: 10.36868/ijcs.2025.01.06. WoS ESCI, Q1; co-author.
2. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir (2024). Evaluating the residential environment of traditional settlements in northern Jiangxi, China: A multi-dimensional framework. *Journal of Construction in Developing Countries*. DOI: 10.21315/jcdc.2024.29.s1.11. WoS ESCI, Q4; first author.
3. Zhang Jing; Hasnanywati Hassan; Zalena Abdul Aziz; Khoo Terh Jing; Wen Quan (2025). Exploring the factors for the use of building information modelling (BIM) in historic buildings. *Journal of Construction in Developing Countries*. DOI: 10.21315/jcdc.2025.30.s2.14. WoS ESCI; co-author.

Scopus-Indexed Publications

1. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir; Jing Zhao; Zhang Jing (2025). Assessment and prediction model for community resilience in China based on GANs and random forest regression. *Planning Malaysia*. DOI: 10.21837/pm.v23i38.1823. Scopus-indexed; first author.
2. Quan Wen; Mazran Ismail; Muhammad Hafeez Abdul Nasir; Jing Zhao; Zhang Jing (2025). Developing a comprehensive framework for assessing community resilience to public health emergencies in Henan Province: Insights from SciBERT analysis. *Planning Malaysia*. 3. Yana Zhang; Azizan Marzuki; Bingliang Song; Feifei Zhang; Jiasheng Zhou; Quan Wen; Dahuai Zhao; Qingxin Zhang; Haixin Liu (2025). Influencing factors of residents' subjective well-being in rural tourism destinations: A case study of Licha village in Guangdong, China. *Journal of Chinese Architecture and Urbanism*. DOI: 10.36922/jcrau025340068. Scopus-indexed; co-author.

4. Jing Zhao; Shida Irwana Omar; Hui Liu; Quan Wen (2025). Examining the effects of perceived value on behavioral intention of green tourists in Hulunbuir grassland, China. *Planning Malaysia*. DOI: 10.21837/pm.v23i36.1752. Scopus-indexed; co-author.
5. Jing Zhao; Shida Irwana Omar; Hui Liu; Quan Wen (2025). Study on the coupled and coordinated development of tourism economy and ecological environment in Chengdu city, China. *Planning Malaysia*. DOI: 10.21837/pm.v23i36.1757. Scopus-indexed; co-author.

Professional Service

- Journal Reviewer, *SAGE Open*.
- Academic Committee Member and Senior Project Review Expert, Zhongren Art Museum.

Professional Certifications

- Higher Education Teaching Qualification Certificate.
- Lecturer Certificate, Zhengzhou University of Light Industry.
- National Computer Proficiency Examination Certification.
- Network Engineering Professional Certification.

Design Practice

- Principal Design Architect, Comprehensive Library Interior Design Project, Easton Academy of Fine Arts, Zhengzhou University of Light Industry, China, 2020.
- Design Architect, Large-scale Agricultural Facility Complex, China Grain Corporation, Yongcheng, Henan, China, 2016.
- Design Architect, Sustainable Student Housing Complex, Henan University of Technology, China, 2015.
- Design Architect, Integrated Agricultural Development Center, China Grain Corporation, Zhangbei, Hebei, China, 2014.

Honours and Awards

- First Prize Award, Henan Provincial Social Science Federation Research Project Excellence, 2018.
- Silver Medal, Henan Provincial Challenge Cup Competition for University Students, 2022.
- Silver Medal, 4th International Environmental Sustainability Design Competition, 2020.
- Bronze Medals for two student teams, International Environmental Design Competition, 2020.
- Bronze Award for Excellence in Mentoring, CADA International Conceptual Design Awards, 2020.
- Outstanding Supervision Recognition, ITCD International Design Innovation Competition, 2020.

Languages

- Chinese (Mandarin): Native.
- English: Advanced academic and professional proficiency; TOEFL 86/120.
- Malay: Conversational proficiency.

Academic Referee

- **Dr. Mazran bin Ismail**, Senior Lecturer, Architecture, School of Housing, Building and Planning, Universiti Sains Malaysia. Email: mazran@usm.my. Relationship: Ph.D. supervisor.

Information to Confirm Before Submission

- Expected PhD completion date, if required by the application system.
- Google Scholar, Scopus Author ID, and Web of Science ResearcherID.
- Available start date.
- Studio/project supervision, assessment responsibilities, and student mentoring outcomes.
